Agent Spikey is six years old. He is kind and has a sense of justice, especially when it comes to being eco-friendly. When he sees anyone doing things that hurt the planet and living things, he has to set them right. He tends to be startled easily by loud noises.

Agent Owlivia is eight years old. She is a cool and intelligent owl. She loves to discuss any topic under the sun with everyone! Like Spikey, she is very passionate about saving our planet and will not hesitate to share her knowledge, so that she can get you on board with her mission. However, she tends to be impatient and dozes off easily.
